Private Funds to Lend.—D. P. Hays, Carstairs.

A number of our local Hockey fans made the journey to Calgary to see the match last week end. On the return journey some fortune tellers boarded the caboose and found their way to the smoking car, you bet our local boys were game, and fortune telling was the order on the journey.

Rev. A. Barner, National Sup't. of Indian Missions of the Methodist Church in Canada spoke on the Forward Movement at the Union Church last Sunday night. He spoke of how the Movement originated in the mind of Dr. Earl Taylor while on a visit to Lake Galilee in 1912 just two years before the war. And in a very interesting and challenging manner told of the progress of the Movement and the great results achieved. Among other incidents, he told of dried out Maple Creek and how the farmers there donated a car load of horses to the Methodist Church and these were sold by the Minister in Manitoba, thus realizing \$2,000.00 Two Thousand Dollars for the Forward Movement.

# Must Practice Economy Is Warning Given

Toronto.—Sir Edmund Walker, president of the Dominion Bank of Canada, at the annual meeting of the bank here, referred to the numerous warnings given that economy must be practiced in this country, but so far these warnings have not had the slightest effect, Sir Edmund said. Extravagance is the order of the day, and in my opinion will continue to be the order of the day until conditions change and hard times come on us.

Sir Edmund states that while the past year had been a prosperous one for the banks, the future must cause anxiety to all financial business. The exchange conditions were serious, he said, and in Canada a large amount of money probably would be withdrawn which had been borrowed from England and Scotland by the various mortgage companies, and loaned on mortgages in this country. "There is no inducement now to send money from England," Sir Edmund said, "and there is every inducement for the English lenders to have the money sent back to England to take advantage of the low rate of exchange."

Sir Edmund concluded by saying: "No money can be expected from Great Britain for investment in this country until the exchange conditions change."

## Increased Work May Save Germany

Minister of Agriculture Declares That Worst Times Have Yet to Come

Berlin.—We have only arrived at the vale of tears through which we are forced to pass, said the minister of agriculture, Herr Braun, in the Prussian diet in connection with the food debate.

Worse times are coming, the minister must be told that our only hope is increased work.

The minister then made the startling announcement that Germany would soon arrive at the point where she would be unable to buy anything abroad, but will be wholly dependent upon home production.

### 9,000 Pensioners Now Affected

Ottawa.—Nearly 9,000 pensioners and dependents are affected by the transfer of payment of British pensions to the Canadian board of pension commissioners which has now been made. The pensioners in receipt of Imperial pensions, however, are still under the office paying Imperial pensions, Ottawa, and must address him in forwarding letters or documents to the Canadian office, which has full control of expenditures, staff, etc., the money in question being forwarded by the British government.

### Plan New Cable

Amsterdam.—The Western Union Telegraph Company is planning construction of a direct cable between America and Holland, according to the Handelsblad.

## Gompers Condemns Bolshevism

Says People Are Being Misled By News From Sources Which Are Not Authentic

Washington.—Writing in the current number of the Federationist, organ of the American Federation of Labor, Samuel Gompers condemns Bolshevism completely, finally and for all time.

Mr. Gompers declares he doubts whether the propaganda which emanates from the Bolshevik organization itself is more effective than that conducted by those who claim to be entirely detached from Russian influence and Russian pay rolls.

He says he doubts whether publications issued by Russian Bolshevik agents have as great an effect in this country as those which like to be known as journals of opinion, such as the Nation, the Dial, and the New Republic.

Mr. Gompers makes an extended reference to the argument that the American people know little about what is going on in Russia, and the argument that it is unfair and unwise to pass judgment.

"All the information necessary," says Mr. Gompers, "is the passing of judgment on Bolshevism and the system of government and as a state society is at hand from sources that are authentic. The plea of those misguided persons who say 'wait for facts before passing judgment' is nothing more than an excuse which, it is hoped, will gain time for the Russian experiment and enable it to spread to other countries."

## The Whereabouts of Premier Borden

Is Reported to Have Told Jellico He Would Stay on His Ship

Ottawa.—It is stated in quarters which are generally accepted as authentic that Sir Robert Borden is now actually on his way to England with Admiral Jellico, or to wherever the former First Sea Lord is going since his plans to visit South Africa were hurriedly cancelled. It is said that when Lord Jellico's visit to South Africa was called off the prime minister stated that he would stay with the ship, wherever she was going.

### Disposition of German Vessels By Brazil

Rio Janeiro.—The question of final disposition of the 45 German ships taken over by Brazil during the war, some of which were leased to France, is again keenly occupying public attention.

President Pessoa said that it was his personal opinion that Brazil, as a matter of honor and by reason of her signature of the peace treaty, should indemnify Germany to the extent of \$25,000,000 for possession of the ships.

### Germany Want Treaty Revised

Berlin.—The government has addressed an appeal to the allies to revise the provision of the peace treaty regarding the extradition of German military, naval and civilian leaders, declaring that the government cannot guarantee their delivery.

## Great Changes Seen In Great Britain

Son of British Premier Says Large Landowners Are Being Eliminated

New York.—That Great Britain is undergoing great economic and political changes during the period of reconstruction following the war, is the opinion of Major Richard Lloyd George, son of the British prime minister, who is in the United States on a business trip.

To the Canadian Press he voiced his regret that his hurried trip to this country on business affairs made it impossible for him to visit Canada. He will sail for home February 14 on the Adriatic.

"One of the most important changes in England," he said, "is the breaking up of our system of large land owners, who are selling their holdings because they are unable to pay the heavy taxes that have been imposed upon them. In the sale of these properties they are reserving the first opportunity of selling to the tenants whose ancestors have been on the land for many generations. By the establishment of many small farmers as property owners, we are creating the thrifty peasant class in Britain, which has been such an aid to France and Belgium in rebuilding those war-demoralized countries."

The land-owning classes came in for praise from Major Lloyd George, who said they had made no effort to profiteer during the war and deserved an enormous amount of the credit for victory.

As to the feeling in Britain over the lifting of the embargo against Soviet Russia, he said:

"Feeling in favor of re-opening trade with Russia has been growing for some time and is very strong at present, especially among the laboring classes. But you need attach no importance to a statement by me. I am a business man, not interested in politics. The Labor party in Britain is undoubtedly growing stronger and stronger. It is this growing influence everywhere, especially in the by-elections. However, no party is strong enough to dominate the government in Britain. Whatever change comes about, the government must continue to be one of coalition, as it has been during the war."

## Condemns Irish Education Bill

Catholic Clergy Describe the Measure as a Demoralizing Scheme

Maymoath, Ireland.—Strong condemnation of the proposed Irish education bill was expressed at the assembly here of the cardinals, archbishops and bishops. Speakers described the measure as the most demoralizing scheme put forward for Ireland since the act of union. They declared that until Ireland was governing herself any attempt to abolish the existing boards of education as proposed by this bill would be resisted, as the measure deprived the clergy of control. If it were put in force, it was insisted, it would be the duty of the hierarchy to instruct Catholic parents regarding the education of their children.

Why can't a baby shed enough tears to drown its noise?

## With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of Frezotto, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of Frezotto at any drug store, which is sufficient to rid one's feet of every corn without pain or soreness or the danger of infection.

This new drug is an ether compound and is so sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heeled fashions are putting corns on practically every woman's feet.

## Clemenceau to Visit Egypt and France

Absolutely Sincere in His Decision to Remain in Retirement

Paris.—Former Premier Clemenceau has reserved a stateroom on the steamer Lotus, leaving Marseilles on February 3, bound for Alexandria, Egypt. He is reported to be absolutely sincere in his decision to remain in retirement, and under no consideration to be drawn again into the turmoil of politics. To the editor of L'Homme Libre he remarked the other day, amid his defeat in the test vote of parliament on the Presidency week before last: "Some persons need a hint, others a kick. I am through. My enemies may think I received a kick, parliamentary friends a hint. At any rate I am through. I am off for Egypt, then, well, we shall see, perhaps India."

## Former Kaiser Receives Congratulations

Two Huge Carloads of Flowers and Other Gifts on His Birthday

Amerongen.—The staff of the Amerongen telegraph office was increased in order to handle the flood of telegrams received by former Emperor William of Germany on the occasion of his birthday.

Two huge carloads of flowers and other gifts were delivered at Bontick Castle, where the one-time emperor is domiciled.

The Queen's commissioner for the district of Utrecht, who arrived at Amerongen during the afternoon, called at the castle. The celebration inside the castle was a quiet one.

## Says Flu Danger is Over

Ottawa Physician Thinks There Is No Infection in New York

Ottawa.—"There will be no recurrence in this generation of the flu epidemic,"

Such is the hopeful conviction of one of Ottawa's foremost physicians, Dr. H. C. Church.

"Chicago and New York haven't got the flu at all," he declared. "The cases reported so faithfully from day to day in such numbers are nothing more nor less than what is popularly known as 'grippe.' The symptoms are no different and the death rate no higher than the old and more familiar affliction."

"In my Ottawa practice I do not know of one person who has been attacked with the flu who has had a recurrence. The attack seems to have humanized those who once fell victims and survived while those not attacked were not susceptible to the disease at all."

"This scourge undoubtedly has swept the world in past ages. Its origin is mysterious and its sweep is widespread and disastrous. But a generation or perhaps many generations, will elapse before it comes again in the deadly form that it did in 1918."

### Hughes Predicts War in Pacific

London.—W. A. Hughes, Australian prime minister, speaking at Melbourne, said the next war would probably break out in the Pacific, according to a Central News dispatch from Sydney.

"We must be ready with a sufficiently numerous army to say, 'Thus far and no further,' he is quoted as saying. "We are hedged about with nations which hate after this country."

### Record Cereals Export

Buenos Ayres.—Argentina's exports of cereals during the first 24 days of 1920 were the largest ever known for a similar period, according to figures made public by the customs house. The exports totalled 640,000 tons, consisting of 320,000 tons of wheat, 250,000 tons of maize, 50,000 tons of linseed and 20,000 tons of oats.

London.—Complete and immediate peace for Soviet Russia is declared necessary in a manifesto signed by 18 prominent Labor leaders, including John Robert Clynes, former food controller; James Henry Thomas, general secretary of the National Union of Railwaymen, and William Bruce, miners' leader.

The signatories assert that they do not subscribe to the political and social theories on which the Soviet government is based, but contend that a continuance of the state of war is inexcusable and that the course of least risk is round is peace. They maintain that if the Soviet government is merely imposing its power on the Russian people by tyranny, it is because the people are cowed by privation and hunger, and that these conditions will be perpetuated by a state of war, the horrors of which will fall, not upon the tyrannical government, but upon the peasants, women and children.

## Labor Refuses to Join Nationalists

Official Report of the Parliamentary Delegation Has Now Been Made Public

Belfast.—The official report of the parliamentary delegation which has been investigating conditions in Ireland, declines an alliance with the Nationalist party. It declares the fact that the Nationalists recently advised Irish supporters in Great Britain to vote for Labor candidates means only that the Nationalist party is convinced that the only party ready to give justice to Ireland is the Labor party.

The Labor party delegation consists of Arthur Henderson, William Adamson, J. R. Clynes, W. T. Wilson, J. A. Parkinson, and W. R. Smith.

### Passports Refused

London.—The government has refused passports for James Ramsay MacDonald and Charles Roden Buxton to go to Russia as part of a delegation appointed by the International Socialist Congress at Bern. The decision was taken after consultation by Premier Lloyd George with Premiers Nitti of Italy and Millerand of France.

## GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair; perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but leaves the hair soft, shiny, and tender with glossy, golden gleams and tints. The hair is left soft, clean, and color are again in your hair.

"Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.

**Quality Counts in Coal Oil**  
No coal oil but the best is good enough. Every  
occasion calls for quality. A clean, refined oil  
that burns without soot or smoke, that goes into  
useful energy to the last drop—that's the oil to  
choose for your cook-stove, heater, lamp, tractor  
or stationary engine.  
You can't buy better coal oil than Imperial  
Royale. It is a superior product, refined to  
meet every known test to which oil can be sub-  
jected. It is the same uniform quality anywhere  
you buy it. Gives the same full satisfaction for  
all power, heat or lighting purposes.  
It's far sale by dealers everywhere in Canada.  
Costs no more than ordinary coal oil.

**Million Dollar  
Deal In Wheat**  
An export permit has been issued  
for 300,000 bushels of Alberta wheat  
for shipment to the United States,  
says the Lethbridge Herald. Most of  
it is expected to go to Montana via  
Lethbridge and Groulx. This wheat  
was harvested by a Montana elevator  
company for distribution to farmers  
from its line elevators. The price is  
understood to have been \$3.25 per  
bushel, so that the deal involves prac-  
tically a million dollars. It will take  
about two hundred cars, or five trains,  
to move the grain.

Burred Tongue, Bad Taste, Indiges-

Headaches come from a torpid liver  
and sluggish bowels, which cause the  
stomach to become filled with un-  
digested food which sours and ferments,  
forming acids, gases and poisons. Cas-  
carets tonight will give your bilious  
liver and constipated bowels a thor-  
ough cleansing and have you feeling  
clear, bright and as fit as a fiddle by  
morning. Cascarets never sicken or  
inconvenience you like nasty Calomel,  
Sels, Oil, or gripping Pills. They work  
while you sleep.

**Will Keep Alive  
Memory of Crimes**  
A French society called "La Ligue  
Souvenez Vous" (the League of Re-  
collection) is trying to keep alive, af-  
ter the ratification of peace, the mem-  
ory of German crimes committed dur-  
ing the war. By posters, pamphlets,  
pictorial stamps and lectures it con-  
ducts an anti-German campaign  
throughout the world. Branches have  
been established in Uruguay, Argen-  
tine, Brazil, the United States, and  
other countries in North and South  
America. In fact, the society counts  
as many as 23,000 members.

**KEEP HEALTHY  
DURING WINTER**  
Colds and Diseases May Be Avoided  
If the Blood Is Kept  
Do not let your blood get thin this  
winter. For people who have a ten-  
dency towards anemia, or bloodless-  
ness, winter is a trying season. Lack  
of exercise and fresh air, and the  
more restricted diet, are among the  
many things that combine to lower  
the tone of the body and deplete the  
blood.

As soon as you notice the tired feel-  
ing, lack of appetite and shortness of  
breath, are warning symptoms of  
thin blood, take a short course of  
treatment with Dr. Williams' Pink  
Pills. Do not wait until the color  
has entirely left your cheeks until  
your lips are white and your eyes  
sallow. It is so much easier to correct  
thinning of the blood in the earlier  
stages than later. This is well illus-  
trated in the case of Mrs. E. Williams  
Elk Lake, Ont., who says: "I  
take great pleasure in telling you  
how the benefit I have found in the  
use of Dr. Williams' Pink Pills. I was  
in an anemic condition, and was  
very weak and run down. The least  
exertion would leave me breathless,  
and it was with difficulty that I did  
household work. I was advised to try  
Dr. Williams' Pink Pills, and after the  
use of four boxes I felt like a new  
person. In fact, my system seemed  
filled with new energy and new life.  
I strongly recommend this medicine  
to all who feel weak and run down."  
The purpose of Dr. Williams' Pink  
Pills is to build up the blood. They  
do this one thing and they do it well.  
They are for this reason an invaluable  
remedy in diseases arising from  
bad or deficient blood, as rheumatism,  
neuralgia, after-effects of the grip or  
fevers. The pills are guaranteed to  
be free from opiates or any harmful  
drug and cannot injure the most deli-  
cate system.

You can procure Dr. Williams' Pink  
Pills through any dealer in medicine,  
or they will be sent you by mail at  
50 cents a box, or six boxes for \$2.50,  
by writing direct to The Dr. Williams'  
Medicine Co., Brockville, Ont.

**Farm Land Values  
Increasing**  
High Prices Are Paid for Alberta  
Farm Lands.  
The assertion that the price of \$100  
an acre paid for 640 acres of land near  
Nobleford, Alberta, last week, was a  
record price for Alberta land has  
brought several instances from cor-  
respondents of equally high prices  
having been paid during the last two  
years.  
In the spring of 1918, E. A. Grant  
sold William Buxton 65 acres of land  
adjoining the town of Barons, Alber-  
ta, at \$100 an acre. The same spring,  
Chas. Welsh, of Barons, sold Spence  
Truman 145 acres near the town at  
\$100 an acre, the cash payment being  
\$5,000. In 1919 John Warnock, of  
Barons, purchased a half section near  
the town at \$100 an acre, the cash  
payment being \$6,000. Still another  
deal was made whereby A. C. Men-  
denhall, of Barons, bought 45 acres  
at \$118 an acre. W. A. Moore, of  
Barons, has had two offers of \$100  
each for his land, with cash payment  
of \$25,000.

**Alberta Irrigation  
Farmers Successful**  
Farmers on irrigated land in Alber-  
ta have had an opportunity of show-  
ing their products beside those of  
farmers in the irrigated districts of Idaho  
with a result very favorable to the  
farmers of Alberta.

In an exhibition of irrigated crops  
held at Pocatello, Idaho, they won  
first prize for oats, field peas, garden  
beans, red clover and sheep of wheat,  
and second prize for white clover.  
The successful competitors were A.  
Garrow, R. B. Sangster, Don H. Bark  
and the Federal Land Company, all  
of Brooks, Alberta.

**The Bachelor**  
Nearly every young man who is at

something wrong with him, and that  
women do not put their minds to  
catching him.

**Old Age Deferred**  
BY DR. LEE H. SMITH.  
Business men who must speed up the works and make business  
boom during these days—after the war—must recognize the neces-  
sity of keeping fit. When mind is befogged, when you have dull  
headaches or feel foggy, when not "up to snuff," keep the bowels  
free with a mild laxative. In the morning take a tepid sponge bath  
(cold water may be used if it does not chill), follow with a brisk rub  
down; a sufficient "setting up" exercise in good air until you are in  
a warm glow. Have you tried it lately?  
Don't let the poisons accumulate in the intestines either, but try  
a dose of castor oil the first thing on arising, or a pleasant laxative  
occasionally, such as one made up of May-apple, aloin and jalap, rolled  
into a tiny sugar-coated pill, and sold in every drug store as Dr.  
Pierce's Pleasant Pellets. Then a cup of hot water before breakfast,  
and you'll feel better than a king! If you continue in life thus, you  
can pass a Life Insurance examination at sixty.  
If you wish to prevent old age coming on too soon, or if you want  
to increase your chances for a long life, you should drink plenty of  
soft (rain) or distilled water daily between meals. Then procure at the  
drug store Dr. Pierce's Anurio (anti-uric-acid). This "Anurio" drives  
the uric acid out and relieves backache and rheumatism, as well as  
kidney trouble. Anurio dissolves uric acid as hot tea dissolves sugar.

**Catarrhal Deafness Cannot Be Cured**  
by local applications, as they cannot reach  
the diseased portion of the ear. There is  
only one way to cure Catarrhal Deafness,  
and that is by a constitutional remedy.  
HALL'S CATARRH MEDICINE acts  
through the blood on the mucous sur-  
faces of the system. Catarrhal Deafness is caused  
by an inflamed condition of the mucous lin-  
ing of the Eustachian Tube. When this tube  
is inflamed you have a running sound or  
imperfect hearing, and when it is entirely  
closed, Deafness is the result. Unless the  
inflammation can be reduced and this tube  
restored to its normal condition, hearing may  
be destroyed forever. Many cases of Deaf-  
ness are caused by Catarrh of the Ear in an in-  
flamed condition of the Mucous Surfaces.  
ONE HUNDRED DOLLARS for any  
case of Catarrhal Deafness that cannot be  
cured by HALL'S CATARRH MEDICINE.
